## BUILDING CODE HEARING SET

The county board of supervisors wil hold a public hearing on July 2, at 10 a.m., in the board room at the court house, Oakland, at which time a discussion on the provisions of the proposed Building Code for the unincorporated area of Alameda county will be held.

The code has been under consideration for more than a year, and several meetings have been held, at which representatives of the building industry, builders and agriculturists have expressed their views.

## NATIVE SONS IN SOFTBALL LEAD

About 600 softball fans were treated to all the good ballplaying they expected last Tuesday night when Native Sons and Kleine's defeated, respectively, the Woodmen and Mission Firemen. Tuesday night's results gave Native Sons the lead for the first round of the season with seven wins and a single defeat.

L. Telles, pitching for the Sons, gave up two hits while his team mates scored their five runs on eight hits. J. Perry accounted for two doubles and a single in four times up. Telles and Azeveda, catcher, picked up two hits each. A fine catch by Hemphill, Sons centerfielder, in the fourth, robbed the Woodmen of a possible home run with one man on. Final score was 5 to 2.

In the second offering of Tuesday's double-header, Louie Davis, first man up for Kleine's, gave his club an early lead with a home run. The final score of 3 to 1, in favor of Kleine's, came in the fourth inning, and the game developed into a pitchers' battle. Vargas of Kleine's and Rogers of the Firemen each allowed four hits.

Frick's took a 3 to 1 win over Wedgewood last Friday, with eight hits against five for the losers.

Manager F. Lewis started Frick's off with a three-base hit in the fourth that scored R. Kelly, and J. Kelly's single in the sixth brought in Vervais and Lewis. Ornellas, Wedgewood pitcher, brought in their run. Vargas pitched a no-hit game for Kleine's that same night in a 9 to 1 win over the Woodmen.

Central Chevrolet and Kraftile went an extra inning Monday night after a three-run tie. In the eighth inning with Chevrolet at bat, Bobby Rose tagged up on third and came in for the deciding run when Priego knocked out a fly ball. Wedgewood scored a 5 to 3 win over Westvaco that same evening.

## DECOTO SCHOOL LEAGUE WINNERS

League softball managers scouting around for potential material should not overlook the Decoto Grammar school team. These boys have gone through a season of league competition—untied and unbeaten.

The Decoto pennant winners were playing against Alameda county schools in a league that covers Murray, Eden and Washington Townships. In one of the scheduled games the elementary school ball players defeated a junior high school outfit. That game was played May 27 with Bret Harte and the score was 11 to 10.

The other schools defeated during the season are. Irvington, 20 to 5; Centerville, 7 to 4; Warm Springs, 17 to 1; Alvarado, 17 to 1; Newark, 17 to 12; Niles, 4 to 2; Ashland, 13 to 0.

Principal L. W. Musick and Coach William Graves this week named the following players of the champion club: Raymond Rojas and Raymond Berrious, catchers; Robert Torre and Ed Romero, pitchers; Andrew Gonzales, first base; Dan Elizarrey, second base; Euselio Elizarrey, shortstop; Henry Serbantes, third base; Elfrand Alvarado, short field; Ralph Rojas, left field; Paul Ramirez, center field; Domingo, right field.

The school league is under the supervision of the Hayward Recreation Department and the Alameda County school system. Decoto elementary school also won the last basketball championship of Washington Township.

### RADIO SERVICE STORE RESUMES OPERATIONS

The Koehler Radio Service store in Centerville was reopened last week following Joe Koehler's return from New Zealand to accompany his wife to this country.

Mrs. Koehler is the former Violet Copp of Wellington, New Zealand.

## POPULAR RADIO STAR WILL SHOW HERE

* * * * * * * * *

### JANE LEE TO AIR PROGRAM AT IRVINGTON

One of radio's most popular morning programs will move to Irvington for a day when Jane Lee of KPO will originate her Woman's Magazine of the Air next Friday (June 21) at a Breakfast with Jane Lee, in the Irvington School auditorium, at 9 o'clock a.m., under the sponsorship of the Irvington P.T.A.

It will be one of Miss Lee's regular morning programs, complete with the familiar voice of Webb Witmer, her announcer, who will

be at her side, but in addition to Miss Lee's customary friendly discussion of everything interesting to the family, KPO listeners will hear her salute the community of Irvington which will be her host for the day. With a traveling microphone, she will stroll through the audience and will interview members of the P.T.A. and their guests.

Although the half-hour program will go on the air at its usual time, guests for the Breakfast with Jane Lee are requested to arrive by 8:30 o'clock in order that Jane and her audience may get acquainted before the actual airing takes place.

Known to thousands of listeners in Northern California as an unseen but very real friend, whose Woman's Magazine of the Air program is a morning "must," Miss Lee has always been heard from KPO's San Francisco studio in the past. Now that lightening of travel restrictions makes it possible, however, she and announcer, Witmer are making weekly visits to outstanding communities of the state, in order to acquaint listeners, by microphone, with interesting facts about the past and future of these growing communities in Northern California. KPO-NBC engineers will install a special line from the Irvington School auditorium direct to the KPO studios in San Francisco for Friday's broadcast.

When Miss Lee arrives in Irvington her breakfast guests will meet a charming, friendly woman whose youthful skin and eyes belie her gray hair. One of radio's best-dressed women, Miss Lee is a fashion authority as well as home economist and commentator, and her background has included virtually every field interesting to women, from cookery to home decoration and child welfare. She was a well-known newspaper writer before she entered radio and her

## QUEEN CONTEST CLOSES MONDAY

"It's only a matter of a couple of days—but what days!" were Gus Robertson's words yesterday on next Monday's deadline for the reporting of votes that will name the Queen of the Washington Township Apricot Festival of June 22 and 23.

The festival publicity chairman was emphasizing the contestants' enthusiasic ticket selling during these last few days. He said that all votes in order to be counted must be turned in at the Irvington bank no later than noon Monday, June 17. First announcement of the winner will come Tuesday evening at the Niles theater when Bill Helm will introduce the Festival queen, and give her the tickets and passes for the trip to Hollywood.

Ellen Hall this week took first place with 22,000 votes against 20,900 reported for Dorothy Amaral. The standing of the other contestants is as follows: Betty Brandt, 9,900; Annabel Vargas, 7,700; Betty Silva, 6,600; Gloria Nunes, Elaine Neeley and Virginia Feleciano, 4,400; Mary Goularte, Yvonne Calderia, Patricia Mendonca and Marian Green, 3,300; and Vivian King, 2,200.

Robertson has invited all queen contestants to participate in the street dance that will be held in Irvington tomorrow night (Saturday) at 8 o'clock. He also said the people of the township are invited to join in a free evening of modern and folk dancing.

News about the coming festival will go far and wide Saturday morning, June 15, when a radio program will be sponsored by the Oakland Chamber of Commerce. Tim O'Neil, chairman of the festival committee, Joseph Blacow, and Ed Rose will appear on the program to tell about the festival. The time is 9:15 Saturday morning over station KLX.

### FORMER NILES MAN FATALLY INJURED

The death of William B. O'Farrell of Hayward in a freak accident on the highway last Tuesday that was said to have been because of a sneeze, was of more than passing concern to old residents of Niles, who remember O'Farrell when he worked here for the ice company.

The former Niles man was killed in a spectacular head-on automobile-truck accident on San Leandro Boulevard. According to a motorist following, O'Farrell was said to be having a violent sneezing attack just prior to the accident, which may have caused the collision.

He is survived by his wife, Helen, a daughter, Mrs. Lorraine Peterson, and by several brothers and sisters: Richard O'Farrell, Walter O'Farrell, Raymond Andrews, Mrs. Gertrude Boinard, Mrs. Annie Carlson, Thomas Williams and John Williams.

Tickets for the Jane Lee show, selling for $1.25, may be purchased at the office of The Township Register, Niles.

Receipts from all sales go to the Irvington P.T.A.

## NEW STORE OPENS IN TOWNSHIP

Next Saturday's, June 22, formal opening of the Walter Connolly Furniture and Appliance store, located on the Centerville-Irvington highway across from the Irvington school, brings the latest of businesses into the township.

Connolly said this week his establishment will carry a full line of home and farm appliances.

The store has a ground floor sales room of 44 by 70 feet and will stock such items as Mowhawk rugs, Sealy mattresses, as well as a full line of General Electric appliances. Connolly added that he has been named the exclusive dealer in this territory for General Electric home and farm appliances. He said the store will specialize in heating and air conditioning and handle radio and refrigerator sales and service.

Mrs. Walter Connolly will assist her husband and be in charge of interior decorating. Connolly, sole proprietor, has managed furniture and appliance stores in Oakland; his wife is a former teacher of the Alvarado school. They are residents of Irvington.

## MR. REBER TO APPEAR IN PERSON AT FARM BUREAU

An unusually interesting meeting is promised for the next Eden-Washington Farm Bureau Center, when it assembles at Washington high school at 8 p.m. next Tuesday, June 18.

At that time Mr. Reber, who has become famous for the Reber Plan, will be there in person to give more details on the plan which he claims would entail the biggest single irrigation project in America, bigger than Boulder Dam or Grand Coulee. The plan would guarantee irrigation to all the 12 counties which border the bay, and would open to cultivation present salt marshes and bay area uplands, most of which would be within an hour's truck haul to processor or consumer.

### BERKELEY EAGLES WILL MEET WITH ALVARADO

Brother Eagles from the California Aerie of Berkeley will be visitors when the Alvarado Aerie meets next Monday night.

Secretary John Menezes also said this week that the Alvarado Eagles are now working on a new quota for members. The local Aerie tripled the original quota of 36 members during the period that ended with the beginning of this month.

## DECOTO PETITION FOR INCORPORATION HAS 131 SIGNERS

With 131 signatures of property owners affixed, the petition asking for an election on a proposal to incorporate the town of Decoto will go to the county board of supervisors in the near future, according to Tony Bautista, who heads the movement for incorporation.

A petition asking for such an election must be signed by 25 per cent of property owners and 25 percent of assessed valuation of a community. Bautista and Attorney Frank C. Nunes of Hayward, who counsels incorporation proponents, this week expressed satisfaction that the 131 signatures which have been obtained are more than sufficient for legal requirements.

The Progressive Club of Decoto, made up of residents favoring incorporation, will meet this evening (Friday) at the home of Ralph Lopez. On Monday, June 17, a meeting will be held at International Hall, Sixth and G streets, to which signers of the petition and other advocates of incorporation are invited.

## BRITISH BRIDE LIKES IRVINGTON

"I told the Red Cross I was going to Irvington, and they said I was lucky," said Ruby Whitton Lauberge this week. The British war-bride of Henry Lauberge of Irvington arrived here last Saturday.

There were a large number of brides on the ship, and they were put in different groups according to where they were going to join their husbands. The Red Cross ladies then told each group about the weather, and customs, and people of each state. How did she like California—was it like they told her? "Yes, it is wonderful, the countryside reminds me much of my native Sommerset county."

Well, how about the customs and the people? "Oh, you can't help liking the Americans, they're so kind and easy-going," she said. And, she'll never forget the Red Cross and their wonderful work during the eight-day Atlantic crossing. "They were so kind and considerate, and gave us all personal attention."

The ship docked in New York City, and the brides had a chance to see the metropolis. But the big city did not impress her very much. "They've got show places in England, too," she said. "But, there was a spot I liked while we were crossing the continent—that was Salt Lake City, I'm glad the train stopped in the middle of the lake."

Then, she went on, there was a lot of desert until they came over the mountains into California. And now that she's here? "Henry and I are planning to build a nice, small cottage right here in Irvington."

"Oh, before I forget,' she ended, "they're having a big festival here next week—have you heard?"

## VACANCIES FILLED AT B.P.W.C. MEET

Two officers of the Business and Professional Women's Club tendered their resignations at last Monday's meeting. Lee Hyde was appointed corresponding secretary to fill the position vacated by Miss Yvonne Whitehurst, and Miss Carmelita Berge will replace Irma Boland as recording secretary.

The drive for new members got under way, with the following authorized to take charge: Gertrude Enos for Niles, Decoto, and Newark; Dorothy Belshaw for Centerville; Carmelita Berge and R. Egen for Irvington, Mission San Jose and Warm Springs.

## HARRY WEBER NEXT PRESIDENT OF LIONS CLUB

Following a report of the nominating committee of the Lions Club at last Tuesday's meeting, the following members will come up for election and installation on Tuesday, July 9: president, Harry Weber; first vice-president, Dwight Thornburg; second vice-president, Walter Connolly; secretary-treasurer, Earl Hygelund.

The nominating committee is comprised of Judge Allen Norris (chairman), Art Cotton, J. V. Goold, Ed Rose and Tom Maloney.

## NOW YOU CAN SEE ON MAIN STREET

**New York has its Great White Way. San Francisco has its brightly illuminated Market Street.**

**So what?**

**Hasn't Main Street in Niles got lights just as bright as those two towns?**

**Maybe you didn't notice, but during the week a P. G. & E. crew put new 600-candlepower globes in the new fixtures on Main Street and now you can actually see at night. Side street lights, too, have been increased in candlepower; if you live on the right street corner you can mow or water your lawn when it's dark.**

**It's all nice—though not spectacular—this first improvement in local lighting in more than 25 years.**

**According to P. G. & E. Manager A. J. Petsche, other towns will have their bright, new lights installed as soon as materials are available, Centerville is next on the schedule.**

## GROUP TO REPAINT TOWN MARKER

That big hillside sign that reads "Niles" is going to look bigger and brighter after this week-end, it was decided at Wednesday's meeting of the Niles Junior Chamber of Commerce.

Harold Fetters was appointed chairman of the committee that will take care of the sprucing up of the marker. The committee plans to do a thorough job. A close-hand inspection made last week shows that the sign is in need of filler cement as well as clearing of grass and paint.

Fetters and the other members appointed by President Lawrence Pine, are making arrangements to climb the OConnel hill Saturday afternoon with the necessary implements and materials. The group—the more the merrier, according to Fetters—will take off from Joe's corner. He expects to make a second trip Sunday morning, to put on the finishing touches.

## IRVINGTON GIRL WINS LIONS PRIZE

"Gee, Mommy, we don't need a refrigerator. We have one, but Nana hasn't got one. Let's give it to her."

That was little seven-year-old Carol Ann Rose's response to the wonderful news that she had won the big seven-cubic-foot General Electric refrigerator that the Lions Club at Centerville raffled off last Tuesday.

Carol Ann, the daughter of Mr. and Mrs. Ed Rose of Irvington, and a student at St. Mary's of the Palms school, was overjoyed at the idea of winning the refrigerator, but her first impulse, as stated above, was to give the refrigerator to her grandmother, Mrs. Rose Ella Rose, who lives next door. Carol Ann's parents are justly proud of their young daughter's unselfish impulses, and tell her that she is free to do with the refrigerator as she likes. This isn't Carol Ann's first stroke of winning luck, however. When she was only three and a half years old, she was the winner of a huge basket of groceries given away in Oakland.

In addition to the refrigerator, the Lions also raffled off a radio, which was won by an Oakland man, J. M. McTaggert.

Over $200 was netted by the raffle, the proceeds from which will go to the Lions Club Charity Fund.

### NILES SCOUT TROOP WINS AWARDS IN AREA CAMPOREE

The Niles Boy Scout troop returned from last week-end's Oakland Area Camporee with several blue ribbons which were awarded for general efficiency in scoutcraft. The local troop was judged in competition with the scouts from this district.

Fred Duffie and Harold Peters of the Niles troop served as judges during the two-day camporee.

## CHURCHILL'S PILOT TO SPEAK IN NILES

The man who piloted Winston Churchill's plane all over the world during wartime, Jack Ruggles, will be the guest speaker at the next meeting of the Men's Fellowship Club of the Niles Congregational Church at their 6:45 dinner meeting on the evening of Thursday, June 20.

Ruggles will speak about his many thrilling experiences which could be known only to one so close to the great Churchill.

The Fellowship Club has no definite membership and welcomes any man of the community desiring to attend. The dinner will be served by the Sanford Circle. Reservations are a must.

## ALVARADO WINS FIRST BALL GAME

The newly organized Alvarado Theater Baseball Club got off to a good start last Sunday in a 12 to 3 win over the Oakland Melrose All Stars. The club, under Manager Jess Jacinto Sr., was playing its first game at the Alvarado school grounds.

Alvarado used three pitchers, Joe Sanchez, Harold Alameda and Jim Shanks, who allowed a total of five hits. The All Star pitching staff gave up 14 hits to the local club.

Players or Alvarado included: J. Jacinto, H. Jacinto, S. Roderick, R. Chapman, J. Dutra, B. Marshall, W. Silva, J. Perry and Joe Sanchez. Jess Jacinto Jr., who is stationed at Astoria, Oregon, brought in three runs in two trips to the bat.

Producer-director Alfred de Liagre is bringing to the coast with him his New York cast and the San Jose audience will have the great good fortune of hearing Phyllis Ryder, Boyd Crawford and Marcia Walter, the distinguished trio who are engaged for the 1946-47 season. They will play Portland, Seattle, Detroit, Cincinnati, a month in St. Louis, Washington, D. C., and back to the coast for return engagements in San Francisco and Los Angeles in the early new year.

Tickets for "Voice of the Turtle" may be had at the Denny-Watrous box office, San Jose auditorium.

## Thinking Things Over...

By VIVIAN BATMAN

This being the month of June, I asked Rev. D. Q. Grabill the other day if he had a lot of June weddings lined up. The Reverend replied that, no, all of his weddings seem to have rushed the season and taken place in early spring, which reminded him of a story—

A preacher announced to his congregation one morning, in more or less disgusted tones, that he was resigning as the pastor, because "the Lord doesn't want you, because I haven't had a funeral in two years. You don't love one another because I haven't had a wedding in six months. So I've accepted a position as chaplain in the state penitentiary. My text this morning is 'I go to prepare a place for you'."

**PERSONALITY BIKES**

Did you ever consider that bicycles had personality?

No, I didn't either, until I visited the St. Mary's of the Palms School in Mission San Jose last Sunday.

There I discovered that the revered and loved Father Lawrence had taken several old "bikes" and had given them character. Not satisfied, as most people would be, with just one coat of bright paint, Father Lawrence—to make the girls at the school happier—added artistic touches, such as sprays of flowers and interesting designs. In addition he gave each bike a name—"Daisy Belle" is typical.

Needless to say, the girls to whom the bikes belong are in the seventh heaven. Never have girls had more beautiful bikes.

Incidentally, if you have never visited St. Mary's of the Palms and met Father Lawrence, you are depriving yourself of an interesting experience. For one thing, the school is situated on one of the most beautiful sites around here, commanding a superb view of the hills and the old Mission. For another thing, Father Lawrence is truly an unusual and remarkable man whom it is a privilege to meet.

**COME ON, GIRLS!**

There's one thing about Niles that should truly be nationally publicized. The eligible young bachelors around town complain of the dearth of girls! Where else in the country does such a situation exist? Probably nowhere. (Now that this unusual circumstance has been disclosed publicly, I suppose we can look forward to an influx of female pulchritude.)

## REBEKAH NEWS

The next regular meeting of the Niles Rebekah Lodge will be held Friday evening, June 21, at Odd Fellows Hall, Niles, according to Anna Bradford, noble grand.

The noble grand requests that all members be present promptly at 8 o'clock.

After the regular business session, initiatory ceremonies for a large class of candidates will be held. Refreshments will follow under the direction of Ivy Cull (chairman), Lilly Butterfield, Mildred Barber, Ethel Fournier, Sena Carr and Maude Silers.

The original plan for the Washington Monument included catacombs to serve as tombs for U. S. presidents when they died.

# MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

The Holy Ghost celebration was attended this year by hundreds of people and was a big success even though there was a bit of difficulty and disappointment for all when it was learned that the concessions and shows could not run because some one slipped up on permits.

The fire works on Saturday night were exceptionally good this year and both the Chamorita and modern dancing was well attended. The parade was very nice on Sunday and the Mission Queen, Miss Joan Dutra, was very sweet in her queen's attire and all the other dresses were lovely. The two drum corps added a great deal to the event.

Sunday was spent in auctions, dancing, and visiting and don't forget all the eats too. Even without the other attractions, it proved a good time to visit friends and neighbors.

Pvt. Leonard Ferreira was home from Camp Beale over the week-end to spend it with his folks, Mr. and Mrs. Joe Ferreira of Palm avenue. His sister, Angie Ferreira of South San Francisco, was also home for the holiday.

Mrs. Lois Justus, accompanied by A.M.M. 1c Glenn Bottenberg and her granddaughter, Diane Santos, motored to Placerville over the week-end to see Mr. and Mrs. Norman Kamp and daughter, Vicki. They came home via Sacramento where they visited Mrs. Ruth Justus and Glenn's mother, Mrs. John Heintz, who is at the Mercy Hospital following a major operation.

Mrs. Octavia Young is spending a few weeks at Point Arena with her husband, James Young, who is there on business.

Baby Express stopped over long enough in the Mission to leave a bundle of joy at the home of Pvt. and Mrs. D. E. McGowan on May 30 at 10:45 o'clock. He is a bouncing baby boy named Jay Dalphin and weighed 7 pounds and 12 ounces.

On Thursday evening at the intersection of the Mission-Irvington Road and main highway 21, about 7 o'clock, Mrs. Rudolph Monte who was driving her car toward her home and was beginning to make the turn, was struck by another car driving out from the curb. The only damage was the fender and running board of the Monte car which was torn off with only dents and scratches on the other car.

Mrs. Francis Enos and Miss Bernice Costa of Selma spent the week-end here at the Thomas Semas home and attended the Holy Ghost celebration.

Hundreds of old timers met again on the annual get-together at the Holy Ghost grounds over the week-end. Every year and once a year they manage to come from all parts of the county and even out of the county to greet old friends and talk over the past and the present. Some have attended the Holy Ghosts since they were first started so long ago.

"Since purchasing our first Holt 75 in 1915, we have bought two Holt 45's, three 'Caterpillar' 30's, one R4 and three D4's, two of which we are now using.

Our experience and observation during the past thirty years have convinced us that the staying qualities of 'Caterpillar' track-type Tractors, the parts and repair service available for them, are the difference between success or failure in raising a crop on our 900 acre fruit and dairy ranch.

Our present D4's have carried us through the war emergency in grand style. We would like to replace the older one of these now, but since we would not consider buying anything but 'Caterpillar' Diesel, we will wait until such time as our 'Caterpillar' Dealer has one."

## Fathers' Day

Nationally, Fathers' Day is a comparative newcomer to the annual list of special events. It was first observed on a nationwide scale in 1943.

But Fathers' Day actually began back in 1910 and each year was adopted by more and more communities. By 1924 it was widely celebrated but officially it had not attained national significance.

In that year, President Calvin Coolidge said, "The widespread observance of this occasion is calculated to establish more intimate relations between fathers and children, and also to impress upon fathers the full measure of their obligations."

The average father, we imagine, thinks of this day as little more than an excuse for the family to buy him presents (with his money). But this year, with a serious wave of juvenile delinquency sweeping the Nation—the U. S. Department of Justice fears it will get worse—every father should pause on his "day"—Sunday, June 16—to realize more clearly what his obligations are to his children and how he can best fulfill them.

If each dad will try to establish a closer comradeship between himself and his youngsters, especially those of 'teen age, and will seek a better understanding of their views and problems, he will be doing his part in preventing delinquency and building a better citizenry.

In so doing, the dads of America will give Father's Day a deeper, more constructive meaning which will rebound to the benefit of all.

It has been said: "You are never defeated until you stop trying."

## What of Your Future?

If a means were found through which we could foresee the future, most of us would want to know how we would be doing financially 5, 10, or 15 years from now.

Economic security is one of the biggest concerns our lives. Buying a home, educating the children, financing a new car, putting something aside for later years, and possibly saving a little for some future traveling—all these things are important.

To a good many individuals, however, the achievement of even one or two of these aims seems beyond reach. But it has been said that we are all capable of more than we do—and this certainly applies to money matters. One man we heard of was determined that his youngsters should have college educations. He banked a little money each month for each of his four children from the time they were born. At one time he was saving $15 out of a $98 paycheck. How he did it we don't know, but he did. And his four youngsters got their higher educations.

We should not forget that the future grows out of the present. Money saved today can mean more comfort, pleasure, and freedom from worry tomorrow. Such things are well worth saving for.

# FALSE RUMORS RUN RIFE AMONG 'COT GROWERS

Fieldmen employed by canners, processors and the dried fruit trade are circulating false rumors among apricot growers in a patent attempt to pull prices down, the California Farm Bureau Federation's statewide apricot section charged yesterday.

One of the false rumors "planted" by the fieldmen, growers said, alleges that sugar supplies will not be sufficient to can a large volume of apricots this year.

"There is no foundation to this rumor," producers pointed out, "since allocations of sugar are proportionate to the number of cases canned, and are not a factor adversely affecting the size of the pack."

The second false rumor spiked by apricot men is that large stocks of this commodity are to be released to the trade. This rumor has no basis in fact, producers said.

Meeting in Berkeley recently, growers from different areas compared notes to discover that buyers were playing one district against another by telling growers that other areas had contracted 1946 apricots at reduced prices.

"This is the same old 'army' game that fieldmen used to practice in former years," Farm Bureau leaders said. "Actually, very few contracts have been signed, and those at prices substantially the same as in 1945."

Announcement by the United States Department of Agriculture of 1946 designated prices on apricots for canning is expected to be made this week.

During the first four months of 1946, 1330 persons were killed and 23,775 injured in traffic accidents in California.

## CENTERVILLE CUBS ENJOY EXCURSION

The Centerville Cubs enjoyed a most interesting and educational excursion to San Francisco on Tuesday.

The Cubs visited the Steinhart Aquarium, the Academies of Science, the De Young Museum, Ocean Beach and Fleishhacker Zoo. Luncheon was served at Children's Playground in Golden Gate Park.

Transportation was provided by Mrs. Ed King, Mrs. Alice Lambrecht, Tom Maloney and Allan Walton. The activity was planned by the Centerville Cub committee, Allan Walton, Tom Maloney, George Roderick and Ed King.

# OFFICE SPACE BEING DOUBLED AT KRAFTILE CO.

To accomodate the increased activities of its stepped-up postwar program, office space is in the process of being doubled at the Niles headquarters of the Kraftile Company, it was announced this week by C. W. Kraft, president of the building materials manufacturing and distributing firm.

"Our sales activity in many lines, including Quonset packaged steel buildings, has expanded rapidly and we have urgently needed the space," said President Kraft. He disclosed that Chester Root, architect, of the firm of Higgins and Root, San Jose, had been retained to design the larger office as a practical display of certain Kraftile products, including the adaption possibilities of a standard Quonset model. According to the architect's plans a Quonset "20" building is being erected on a 30-inch high brick wall and the present structure is being incorporated into the over-all design by means of a brick and plate glass front.

# NILES DOGS AID BLIND PERSONS

Guide Dogs for the Blind, Inc., now have two dogs working as guides for the blind which have been given to them by Niles people. Mr. and Mrs. W. H. Wicks of Niles donated the female puppies from a litter whelped by their fine bitch "Judy of Niles." Two of these puppies successfully completed their training and one is now being used as a guide dog at the University of Washington by Richard Wilburn. Richard's dog, whose name is "China Girl," takes him all around Seattle, Washington, and to the University of Washington campus every day. In the last class of blind held at the school in Los Gatos in March of 1946, another one of Judy's puppies was given to a blind person to be their guide. "Peggy of Niles" is now serving as a guide for Robert Anderson who lives near San Diego and who takes him back and forth on the bus to school every day.

These dogs were procured for Guide Dogs for the Blind, Inc., by Mrs. J. R. Whipple who asked Mr. and Mrs. Wicks if they would donate one of their puppies to this cause. Mrs. Whipple is well known for her fine work with Dogs for Defense.

The Alvarado Home Center met Wednesday afternoon at the home of Mrs. Mary Rodrigues in Centerville. There were 20 members present and two visitors, making their last meeting a very good one. They won't hold any meetings during the summer, their next one being in September at Mrs. Nora Vargas' in Alvarado. The project discussed was "water repellent." Refreshments were served and enjoyed by all.

## PAPER DRIVE AIDS FELLOW STUDENT

It's not going to be easy for the students of the Alvarado school to forget their recent paper drive. If all they had to remember were the six tons of paper they collected during a critical shortage, that would be reason enough to say it was a job well done.

All grades had an equal share in the record achievement. Principal Maffey explained this week that each classroom reached its quota to hit the six-ton mark. The paper was sold on the market, and the money went into the student body treasury.

The sale brought the treasury $61.50—enough to get a lot of extras for any school. But the student body treasury voted to use that money in a way that makes it hard to forget this particular paper drive.

The money was donated to the cause of helping a fellow student get necessary dental work. Madeline Hernandez, their fellow student, lost several teeth about a month ago in a school baseball accident.

program's appeal to men as well as to women probably is based upon her sense for news and human interest. Her morning commentary is a flexible one, with the charm of always holding a surprise for listeners — you never know just whom you are going to meet on Jane Lee's program—a great cook, a famous painter, a writer, a war hero, or perhaps a hitherto unknown personality with a real story to tell.

Now starting her fourth year at the helm of the KPO Woman's Magazine, Miss Lee has interviewed virtually every notable man or woman who has visited San Francisco during the last few years. She covered the United Nations Conference with daily reports of sessions, and microphone chats with delegates and other representing viewpoints of every nation at the Conference.

With all the busy, energetic public life such a woman necessarily lives, Miss Lee manages a private one just as important. Widowed in early youth, she not only is a successful career woman but a happy and successful mother as well. It's hard to say which is greater—her pride in two handsome sons, both of whom have served their country in the recent war or theirs in their attractive, young-looking, young-thinking mother—Jane Lee of KPO.

## MODEL AIRPLANE CLUB TO HOLD FIRST MEETING

If fathers can beg, borrow or steal their sons' airplane models next Sunday, they're going to be able to fly those models to their hearts' delight. The first get-together of the new Washington Township Model Airplane Club will take place Sunday morning at 10 o'clock at the Centerville Airport, according to Wes Sears, club organizer.

The aim of the club is to have an informal organization for model enthusiasts, Sears explained this week. He said that in similar clubs model builders help each other with new ideas and have trials among themselves. The township club expects to develop to the point where the members can fly models in outside competition.

Sears said that about 30 model builders from all parts of the township have promised to be at the airport Sunday. They will put on a gas engine demonstration, if weather permits. A section of the local airport has been cleared away and roped off for the affair.

The model airplane club, which is sponsored by the Sears and Houston variety store of Newark, has the cooperation of Manager Don Hubbard of the Centerville Airport.

### LOCAL YOUNG COUPLE ENTERTAIN EAGLES

Miss Betty Brandt of Centerville and Fred Costa of Decoto were the leading entertainers at the district council of Eagles meeting held at Eagles Hall in San Leandro last Wednesday evening.

Following a chicken dinner, Miss Brandt, accompanied by Fred Costa on the piano, led the assemblage in group singing. She also sang two solos.

Eagles from Alvarado, Livermore, Alameda and Oakland were present for the affair.

The next district meeting will be held in San Jose.

### CHRISTIAN SCIENCE SERVICES

"Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me" (Psalms 40: 11). This is the Golden Text of the Christian Science lesson-sermon for June 16. The subject is "God the Preserver of Man."

A citation from the sermon: Psalms 121:8: "The Lord shall preserve thy going out and thy coming in from this time forth, and even for everyone.

## Carol Drake HOME COMMENTATOR

### TAKE IT EASY HOUSE CLEANING

It may sound fantastic, but how to clean house painlessly may be learned in Three Easy Lessons! Simple, no end!

**1. PLAN AHEAD. Let your head save your heels by checking cleaning supplies, cloths, equipment, well in advance. Shop with a list so there will be no forgotten items. List and plan for necessary repairs. Work out a schedule—drawers, closets, book shelves one day; curtains, spotting of rugs and furniture another. Living room—Wednesday, bedroom—Thursday, and so on—one room at a time Right glad you'll be that the sun room or the den is presentable on the day you have started on the living room and the new minister comes to call!**

**2. DAY BEFORE DOINGS. Take care of little things the day before. Polish silver pieces, dust or wash the ornaments on the whatnot, figurines on glass shelves, perfume bottles on the dressing table. House them on trays, under a dish towel, to be returned to their respective abodes tomorrow. Remove all pictures from the walls of that room, clean and stack them in a safe out-of-the-way place. Take down, and if there s time, wash and iron glass curtains; dust and hang out to air the draperies, table spreads, counterpanes, blankets.**

**3. TAKE IT EASY. Don't start more than you can finish easily, even though it does mean departing from schedule. Plan on stopping about four o'clock for a bath, a bit of a nap, a fresh frock before starting dinner. Order of the day: Dust down walls. Dust and clean furniture, rugs, floor. Clean windows, hang curtains and pictures. Polish furniture and floors. Have a cup of tea! Replace furniture, bric-a-brac. Easy does it!**

IT'S A GOOD IDEA to have two sets of curtains for the kitchen, other rooms if you like; slip covers for the chairs, a change of pillow covers. And it makes sense to pull the furniture around this time of year. In winter, chairs should have a chummy, sit-by-the-fire-and-chat arrangement. Coziness and warmth should be in the air. But spring and summer demand airiness and a feeling of spaciousness; a general exodus from the fireplace and a turning toward sun room, patio and porch.

Ice cubes tinkling against the glass in a pitcher of delicious iced tea make a sound that most folks like to hear on a warm day. It's a signal for welcome refreshment. Served hot or iced, tea is a year-round favorite . . . a beverage with a lift, a compliment to the food on your table. Be sure to keep a supply of your favorite kind of tea on hand. Get it at a money-saving price at your Safeway store.

### 3 cooling beverages for warm days

If you're seeking ways to reduce the temperature these days, then look to our refreshing notes on iced tea drinks. They're guaranteed to make the warmest days seem fair and cooler.

ICED TEA—For truly delicious, full-flavored iced tea, always make it fresh and in double strength. Allow 1½ to 2 teaspoons tea for each standard measuring cup of boiling water. Pour the water, freshly boiling, over tea in heated earthenware, china, pottery, or glass container, cover and steep 5 minutes. Strain immediately and pour over cracked ice or ice cubes.

SP-ICED TEA—Pour 4 cups freshly boiling water over 8 teaspoons tea in heated container. Add 2 or 3 mint leaves and ½ teaspoon allspice. Cover and steep 5 minutes. Strain immediately and add 1 cup orange juice and ½ cup lemon juice. Pour over ice and sweeten to taste with honey or sugar. Serves 6 generously.

**FRUITED TEA PUNCH FOR THE CROWD**

| | |
|---|---|
| 4 qts. freshly boiling water | 4 cups grapefruit juice |
| 1 cup tea | 4 cups orange juice |
| 4 cups sugar | 1 cup lemon juice |
| 4 cups pineapple juice | About 15 lbs. ice |

Pour boiling water over tea in heated container; cover and steep 5 minutes; pour tea from leaves at once. Add sugar immediately and stir until dissolved; chill. Add fruit juices and pour over ice or ice cubes. Garnish with thinly sliced oranges. Serves 40 to 50.

## Antoinette Holeman's Marriage Announced

Dr. and Mrs. Holeman of Centerville announce the marriage of their daughter, Antoinette, to MT Sgt. Burkett Hardin McCreery of the Marine Corps. They were married in the St. Thomas Acquinas Catholic Church, Reno, Nevada, last November 3, 1945.

Toni, as she is known to her friends, is a graduate of Notre Dame High School in Belmont, and attended the San Francisco College for Women. She will receive her A. B. Degree from Stanford University this Sunday, June 16.

Sergeant McCreery, son of the late Dr. Rollo Louis McCreery, Wyoming, and Long Beach, Calif., is a student of engineering at the University of California.

The young couple plan to reside in San Francisco.

## Joins Mother

Mrs. A. J. Petsche of Niles left by plane last week to be with her mother in McPherson, Kansas. She made the hurried trip on learning that her mother received a fractured shoulder when she fell from a step ladder while cleaning a grandfather clock.

Mrs. Petsche expects to remain in Kansas for about two months while her mother is convalescing.

## Former Decoto Girl Flies to New York

A few lines penned in New York by Miss Lena Dutra, formerly of Decoto and now of Oakland, tell of her exciting trip east via United Air Lines. She will visit Boston and also her birthplace, which is New Bedford, Mass. She will fly back to California on June 22.

**FIRST CHURCH OF CHRIST, SCIENTIST—NILES**

A branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. Regular services are held as follows:

SUNDAY SCHOOL 10 A.M.
MORNING SERVICE 11 A.M.

Wednesday Evening Testimony Meetings, 8 o'clock. Reading Room is open Tuesday and Saturday afternoons, 1 to 3, and Thursday evenings, 7 to 9. Church edifice is at Second and E Streets.

## Mrs. Crane Hostess To Decoto Group

The Decoto Discussion Group was royally entertained at the International Kitchen at noon, June 6, by Mrs. Marguerite Crane, the regular hostess, Mrs. Katherine Goularte, being very ill at the time. After a delicious luncheon at the Kitchen, the group went to the home of Mrs. Crane where the leader, Mrs. Leontine Costa, led the discussion on the book, Ramona, by Helen Hunt Jackson, selected as a book based on California history. Mrs. Anna Mae Compagna gave an interesting review of the author's life, after which the discussion covered the points of argument in connection with the Indian question.

Mrs. Goularte, one of the most faithful members, was very much missed but Miss Olive Hyde of the Mission was most welcome after a long absence. She most graciously extended an invitation to the group at her summer home in the Mission for the August meeting.

Plans for the program for the 1946-47 year's work were discussed at this time.

The July meeting will be held at the home of Mrs. Katherine Goulart on Wednesday, July 3.

The members of the group had the pleasure of meeting Mrs. Crane's mother, Mrs. Silva, at this time and of extending an invitation to her to be a guest as often as possible.

—By Elsa Walker.

## Surprise Party For Leon Solon

It was a surprise birthday party last Saturday night at the International Kitchen for Leon Solon, with the following friends present to help him celebrate: Mr. and Mrs. E. E. Dias, Mr. and Mrs. F. E. Dias, Mr. and Mrs. Jack Geib, Miss Harriet Dias and Clifford Dias.

Following the dinner, the party adjourned to the Dias home for a big birthday cake and card playing.

## New Orleans Bound

Mrs. Nora Foster and daughter, Mrs. Audrey Cayard, left Sunday morning for New Orleans, their home town. Their tickets are good for three months, but they're not sure that they can stand the heat that long.

## Niles Woman Flies Home from Portugal

"Food is expensive and laborers are poorly paid." This was the comment on conditions in Portugal made by Mrs. Tony Costa of Niles, who returned only last Saturday from a four months' visit in Portugal.

Mrs. Costa made the trip across the Atlantic with her mother, Mrs. C. Perry, by boat, but returned via Pan-American clipper ship, and enjoyed her flight very much. She left Lisbon at 1:30 a.m., had a five a.m. breakfast in Ireland, lunch in Newfoundland, and dinner in New York! "It was a wonderful trip," asserted Mrs. Costa, "and I was one of the very few who didn't become plane-sick, so I enjoyed it more than the others."

About her experiences in Portugal, Mrs. Costa is enthusiastic. She thinks the country is beautiful and that Lisbon is a fine city, but she still thinks America is the best place to live, even though she was born in Portugal.

Her mother will remain in Portugal for another year.

## Decoto Penochle Club Entertained Saturday

The Decoto Penochle Club was entertained at the home of Mr. and Mrs. Walter Walker, Saturday evening, June 1. Mrs. Amy Brown created a sensation by winning first prize for the first time, with Mrs. Ethel Avilla and Mrs. Florence Wallace also in the running.

Refreshments consisted of hamburger sandwiches concocted by Walter Walker, with coffee and relishes. Mr. and Mrs. Walter Avilla will entertain July 13.

Mr. and Mrs. Fred Duffie of Niles were guests.

—By Elsa Walker.

## Faculty Members Honored By Tea

The faculty of the Centerville Elementary School honored two of its retiring members at a tea given in the school on Thursday afternoon, June 6.

Miss May Davis, after 33 years of teaching in the public schools of California, is retiring to her ranch.

Miss Mildred Riemann will be married this summer and will establish residence in the state of Kansas.

Beautiful gifts were presented to Miss Davis and Miss Riemann as tokens of esteem.

## Walkers on Vacation

Mr. and Mrs. Walter Walker of Decoto left on a two weeks' vacation last week. They are planning to stop for a few days in Nevada City where they will visit with friends.

DORIS NUNES, who will become the bride of Jack Allan this Sunday at a high noon ceremony to be performed at Holy Ghost Church in Centerville.

ALBE MAE COSTA will be Mrs. Donald Lemos following a two o'clock wedding ceremony to be performed this Sunday at Corpus Christi Church in Niles.

## Former Evelyn Pond Returns to Idaho

Mr. and Mrs. R. L. Pond of Irvington last week-end accompanied their daughter on her return trip to her home in Nampa, Idaho. The former Evelyn Pond, Mrs. D. F. Briggs, and her children, Diane and Joan, have been vacationing in Irvington. Mr. Briggs returned to Idaho several weeks ago to take up his new position.

## To Santa Barbara

Mr. and Mrs. Leon Solon returned recently from a few days visit in Santa Barbara at the home of their daughter and son-in-law, Dr. and Mrs. John Rathbone.

## Vacation in North

Mr. and Mrs. R. Cozzi of Niles left recently on a three weeks' vacation trip that will take them up into the northwest and Canada.

## Visitors from Oregon

Mr. and Mrs. Howard Blodgett, formerly of Niles, visited at the home of Mr. and Mrs. Art Belshaw in Centerville Wednesday during their stay in the community. The Blodgetts are now making their home in Albany, Oregon.

## Visit Santa Cruz

Elsie Econome, Nadine Gomes and Margaret Conley of Niles made a threesome party for a day's excursion to Santa Cruz last Sunday. They reported the salt air was a welcome change for one day.

The California sardine catch annually runs around 500,000 tons.

## Doing Relief Duty

Mrs. Lillian O'Connor of Niles this week has been doing relief pharmacist work in Irvington while Mr. Pond visited in Idaho with his daughter.

## Returns Home

Miss Maxine Mau of Centerville is recuperating at her home following a sojourn in the San Jose Hospital, where she underwent an appendectomy.

The word "calico" comes from Calicut, India, whence it was first exported.

## FARM NEWS
AGRICULTURAL EXTENSION SERVICE

### 2,4D IS NOT POISONOUS

You have been hearing about the use of 2.4D as a weed killer. Perhaps you have wondered what it will do to livestock.

Farm Advisor T. O. Morrison has given us the answer. He says tests by the United States Department of Agriculture showed no injury to cattle or sheep grazing on sprayed vegetation. Even when a substantial amount of the pure chemical was added to the grain ration of a cow for more than 100 days there were no ill effects on milk production, weight, or appetite. A calf fed on milk of a cow receiving 2,4D developed normally.

Another test is reported in which 2.4D was given in daily doses to a man with no ill effects. The farm advisor says it should be understood that tests reported to him through the College of Agriculture were carried out with pure 2.4D and with sprays containing 2.4D with Carzowax. Mixtures with other materials might have some effect on animals, but such effects would be due to the added chemicals in the mixture, not to the 2,4D itself.

### HEAVY DRINKERS —OF MILK

The average American drinks a full pint of milk per day. He reached this record for the first time in history in the flush milk production months of 1946. Fluid milk and cream consumption this year is expected to average about 210 quarts per capita, more than a full pint per person, compared to about 160 quarts per capita in the prewar years 1935 to 1939. Milk consumption is expected to reach a new high in 1946, establishing a new record for the sixth consecutive year.

### EUROPEAN EARWIG GETTING ON JOB

Has the insect with the prominent pair of forceps made its appearance in your garden? Or maybe you are one whose kitchen it has tried to enter and make itself a pest there. If such an insect shows up it is probably the European earwig. It has proved to be a nuisance in Seattle, Portland, and for several years the East Bay district has been one of its favored breeding grounds. If you haven't seen one of these insects, here is what it looks like. In color it comes in shades of brown to black with the wing covers, legs and antennae paler. The forceps of the males nearly equal the distance from the tips of the folded wings to the end of the abdomen. The length varies from 11 to 15 mm to the tip of the forceps. Earwigs are nocturnal so in the daytime you will find them hidden under the leaves and rubbish where it is dark and damp. The young and adults come out at night to attack many kinds of plants, including flowers, fruit trees, ornamentals, and vegetables, or they enter the house and become a real nuisance, Here are some of the materials that can be used to keep them under control

Sodium fluoride.....12 oz.
Molasses .....2 quarts
Wheat bran.....12 lbs.
Water .....6 quarts

or you can dust with chyolite—or you can buy earwig bait already prepared and mixed by commercial concerns.

With any of these materials you should keep in mind that earwigs live and hide in shaded places under rubbish, leaves, boards and under the board sidewalk. Place the poison in these places once a week until the pest is under control. Organized community effort is necessary if an infested district is to be gotten under control.

### SONORA PASSES

Sonora, Ebbett's, and Tioga Passes are now open. Carson Pass is open to the foot of the Spur from the west side and to Red Lake on the east.

### LOCAL YOUTH AIDS SHIP DECOMMISSIONING

Alfred Andres Rodrigues, gunner's mate, second class, son of John A. Rodrigues of Niles, is serving aboard the cruiser, USS Boston, which is scheduled to be inactivated about July 1, at shipyards in Everett, Wash.

Preservatives are being put on all ship's equipment so that it can be used again, if necessary.

### VAUGHN SEIDEL MAKES AWARDS AT ALVARADO

Vaughn Seidel, superintendent of Alameda county schools, recently made several pentathalon awards at the Alvarado school.

The students who were rewarded were: Arela Paz, Betty Chenig, Harold Martinez, Masahara Hisaoka, Vernon Machado, John Ledismo and Carlos Renteria.

## Ethel Wauhab, Class President, Graduates

Miss Ethel Wauhab, daughter of Mr. and Mrs. Charles Wauhab of Centerville, graduated with high honors this week from College of Notre Dame High School in Belmont, as president of her graduating class. Miss Wauhab plans to attend the University of California.

Attending the ceremonies, in addition to members of her immediate family were Mrs. G. S. Holeman and Mrs. E. M. Grimmer and Mrs. Elmo Grimmer Jr.

## Niles Teacher Will Take June Bride

The Niles Elementary school seventh grade teacher, Thomas H. Morgan, will return to the school next fall no longer a bachelor. On June 22, he will become the husband of Miss Norma Lindstrom of Berkeley, who also teaches, but in Richmond.

The wedding ceremony will be performed at the U. C. Bible League.

### SCOUT TRAINING PROGRAM STARTED FOR TOWNSHIP

The Southern district of the Oakland area council will conduct a training course for scoutmasters, assistant scoutmasters, and committeemen, in Niles beginning next week. Don MacDougal, southern division executive, stated this week that the course is open to all adult troop leaders in the township.

The course will be given on Monday and Thursday evenings, beginning at 8 o'clock, for the last two weeks of this month, and on the first two Mondays of next month. The Sunday School rooms of the Congregational Church in Niles have been secured for the training classes.

## LAST WEEK HERE FOR EIGHT HIGH SCHOOL TEACHERS

Eight teachers are saying goodbye to Washington Union High with the close of school this week.

Mrs. Eula M. Wright, librarian here for twenty-two years, is planning to retire and join her son and daughter-in-law in Los Angeles. During her years of service to the school, Mrs. Wright has built up the library until it has gained recognition as one of the finest libraries among schools of this size in the state.

After a teaching career of twenty-eight years, Mrs. Lorena W. Hawley will retire and live in her Oakland home. A teacher of Latin, French and English, Mrs. Hawley has guided many a college preparatory student through the Subject A examinations for college entrance.

Mrs. Doris Van Scoy is leaving teaching to take up a "first-choice" career, that of homemaker for her husband who returned last year after a long absence in the Navy. Mrs. Van Scoy has taught Spanish, Biology and English. She is a graduate of Washington.

Another alumna is Miss Nita Lagorio who is leaving the teaching of English and mathematics to become a June bride. She will wed Mr. William J. Pessagno of Niles on June 22.

Chosen to become assistant supervisor of art of Alameda County, Miss Yvonne Whitehurst will assume her new duties this summer after attending Mills College summer school. Miss Whitehurst will have occasion to visit here frequently in her new capacity of art supervisor.

Mrs. Marion Kramer, dramatics and English teacher, is considering going into junior college teaching in gafter a summer session at Stanford University.

Roseburg, Oregon, is the destination of Ross Brown, agriculture teacher here since the resignation of his brother, O. C. Brown. He wil continue his teaching of agriculture, as well as supervising some business interests in Canada.

Emmett Roberts, social studies teacher and at one time leader of the township Current Affairs Forum, is uncertain concerning his plans. He is considering a teaching position in a college in Shanghai, China. Because of the economic and political conditions in China, however, Roberts considers it unwise to take his wife and daughter at this time, and he will not go to the Orient without them.

Fishing improved during the past week in Plumas county. Butt Creek and the Chester area produced many nice catches of trout.

In Nevada county some good catches have been made at Bowman Dam and Milton and Faucherie Lakes with bait or trolling. Streams here are still too high for fly fishing.
